To everything. . .

There is a season. . .

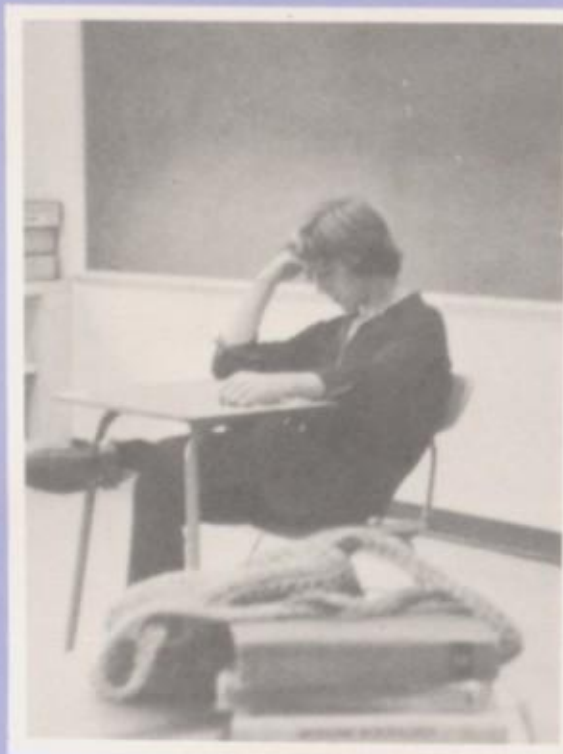

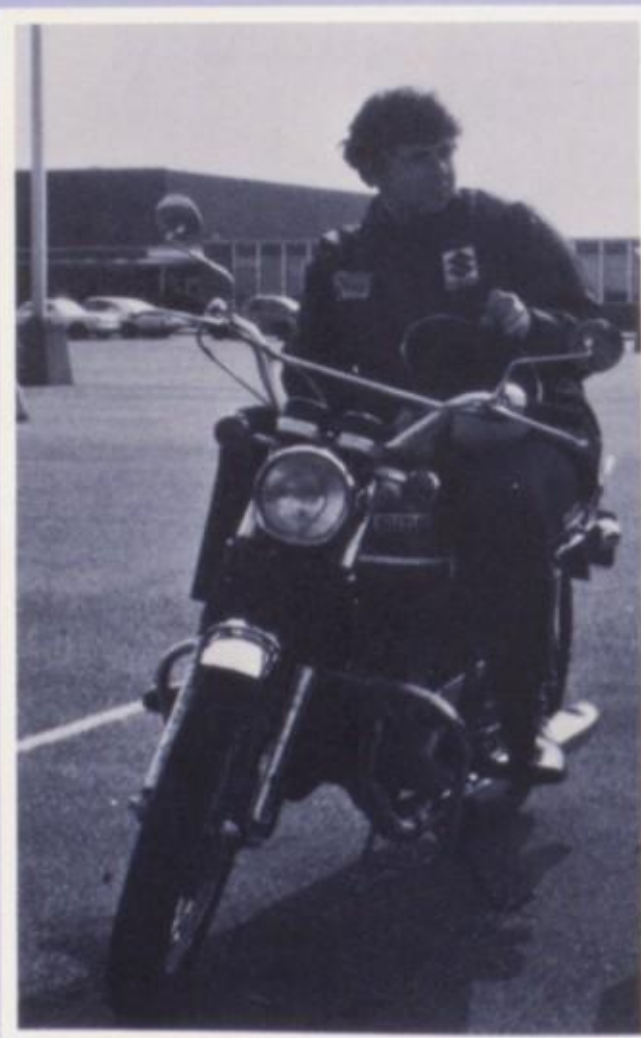

Foreword

Our theme of time, from Ecclesiastes 3:1-8, represents a realization of the changing times, specifically the ending of an era, with the termination of our senior year.

As our medium of expression, we have chosen the hourglass, symbolic of time and its passage, to portray this passage throughout our final year, and throughout the DARDANIAN, with a gradual shifting of sands, beginning—to end.

And a time. . .

To every purpose. . .

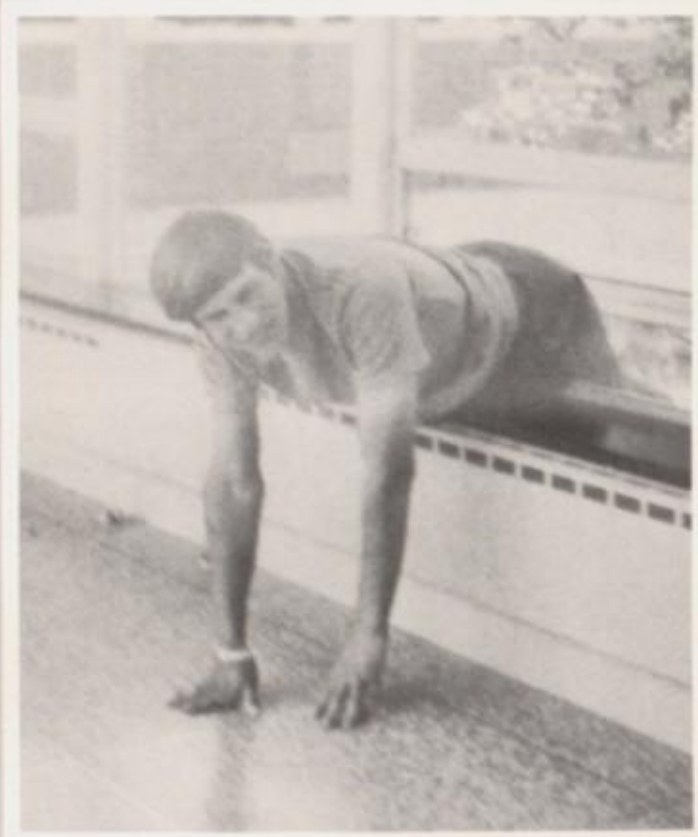

under Heaven.

In Memoriam

Shirley Martin
(1955-1970)

In a sense she never died, her spirit is always with us.

We feel her life touching ours, in other voices we hear.

We feel her spirit looking out of other eyes.

We hear her talking to us in familiar things she touched,
worked with and loved as a friend.

In our lives and the lives of everyone that knew her, she
lives on.

PHYSICAL EDUCATION:

Discovering Co-Ed Gym Classes

Tennis and golf are part time interests to Mr. Carl Wolf. He received a B.S. in Health and Physical Ed. from West Chester. He is the soccer coach and pep club advisor.

Mr. Wolf waits his turn.

Teaching the boys about first aid.

1:20, 1:21, 1:22, 1:23 . . .

Mrs. Virginia Wolf received a B.S. in Health and Physical Ed. from East Stroudsburg College. She coaches hockey and tennis. In spare time, she enjoys reading, tennis and golf.

A time for cartwheels, pushups, and dancing—discovering co-ed gym classes. In an age of Olympic competition, Physical Education plays a vital role. At Tulpehocken the Physical Education department seeks to provide an outlet for mental relaxation through physical development.

INDUSTRIAL ARTS:

Learning Good Craftsmanship

Peek-a-boo Jeff!

Are you sure you can operate it, Larry?

Another Rembrandt, maybe?

Mr. William Scheirer received a B.S. and M. Ed. in Industrial Education from Millersville State College. He teaches industrial arts and mechanical drawing and is a junior class advisor. Among his favorite past-times are playing guitar, chess, and training dogs.

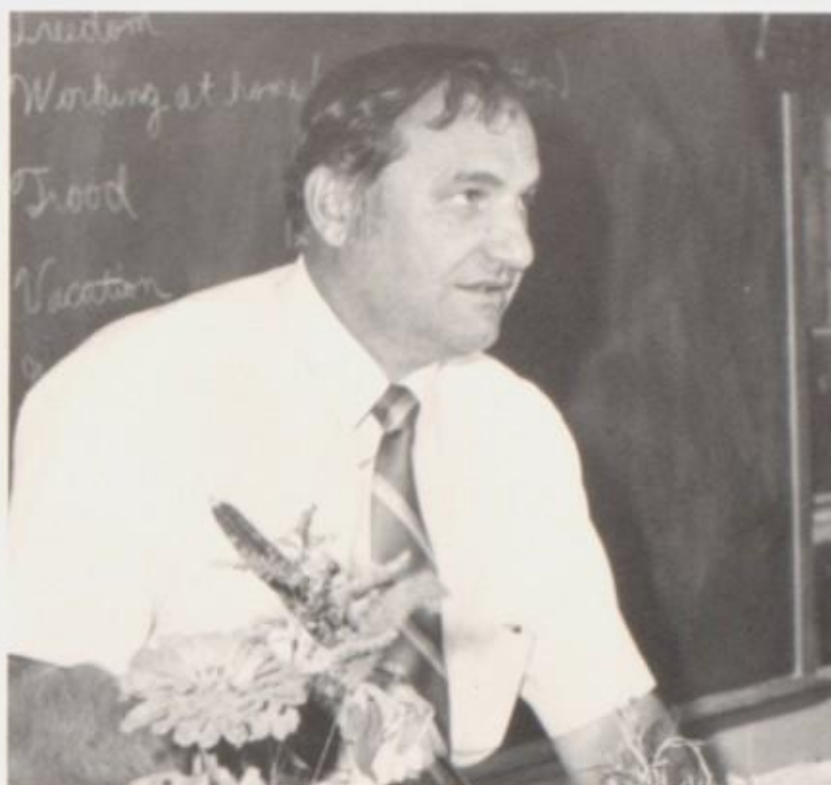

Mr. Scheirer is assisting Glenn.

The industrial arts plan is a four year program geared to provide experience for students interested in wood, metals, electricity, plastics, and graphic arts. Their learnings will lead to safe work habits and good workmanship in future occupations as well as improved consumer skills for the present. The industrial arts department does not attempt to teach specific trades, but rather to expose the students to a wide field of occupational possibilities to allow each to choose an individual preference, and in his senior year, to study his particular field of interest in depth.

Discovering Farm Management

There is a growing need for agriculture in this world. With the growing population, better farming methods are needed. Mr. Orendo is teaching Productive Agriculture and Agro-Business to the agriculture students. He also teaches horticulture and forestry to the elective students. In this field there has also been female students who are electing agriculture.

Flying, wildlife, and working with teens are part time interests for Mr. Michael Orendo, Jr. He received a B.S. in agriculture and agronomy from Pennsylvania State University. He teaches agriculture and farm mechanics. He advises FFA and audio-visual.

Chris is busy working on her chair.

John is varnishing his gun cabinet.

David's not quite sure of what he's doing.

Mr. Orendo teaching his class about cattle.

Artists Plan Exhibits

Art, sewing, and gardening are part time interests for Mrs. Grace Carvell. She received a B.A. in Art from Albright College. She teaches art and elective art.

The art department stresses a student's creative ability and endeavors to draw out individual artistic talents and to aid the student in his development. Elective art students especially experience complete creative freedom under the constructive guidance of Mrs. Carvell. A first for this year will be individual art exhibits arranged and displayed within the school by several elective art seniors especially interested in art.

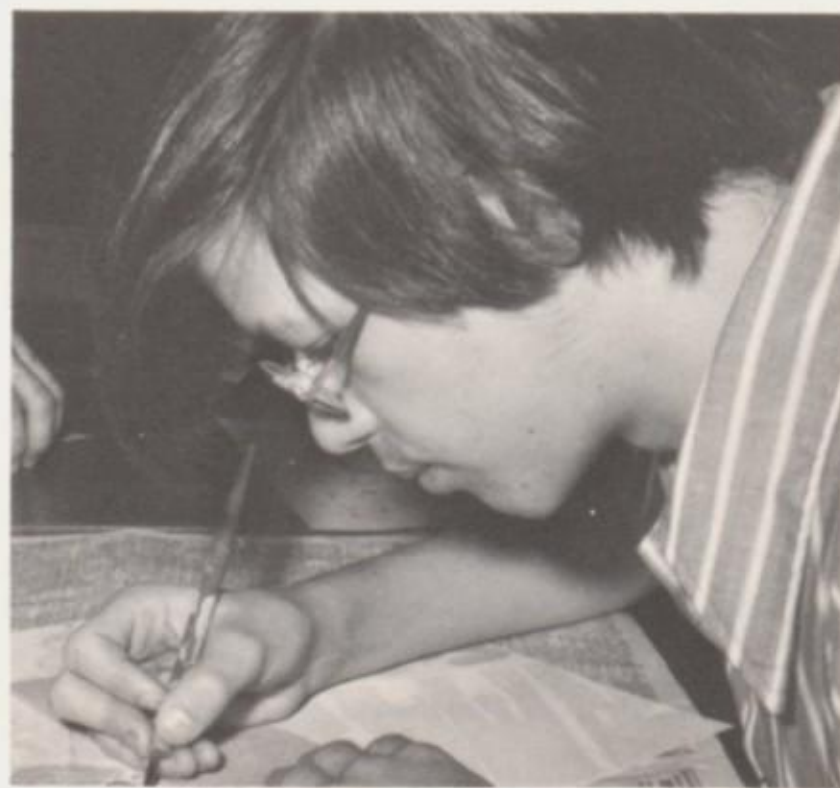

Happiness is . . . a THS art class.

Mrs. Carvell enjoys working with elective students who may someday be famous artists.

Capturing the beauty of nature.

Did you ever see a more dedicated artist?

MUSIC DEPARTMENT:

Sales Held to Purchase Organ

Ninth grade music class is held for the purpose of getting students to appreciate all varieties of music from classical to modern. Appreciation of music is stressed through singing and recordings. Candy sales at Easter and Christmas are held by the music department to purchase an organ for the school. With the success these sales have had, the organ will be here in the near future. The snack bar is also a source of income for the music department.

Stage crew advisor is a part time activity for Mr. Harold Kremser. He received a B.S. in Music from Ithaca College. In spare time he enjoys working around the house and playing instruments.

When will those kids learn to play?

Directing the combined chorus proved to be a worthwhile experience for Mr. Kremser.

While Steve and Delmas patiently wait, Mr. Kremser helps himself to a snack.

One, two, ready play!

Learning to Drive Defensively

Mr. Kraylon Brown received a B.S. in Elementary Education from Shepard College and a Driver Education Certification from Millersville. He is the basketball coach.

Driver Education consists of classwork and roadwork, both very vital in this age of mass transportation. Defensive driving is especially important and is constantly stressed in both classwork and roadwork at THS. Classwork fills the student with facts and figures which at the time seem worthless. Roadwork helps the student put this acquired knowledge to work.

Mr. Brown takes a break to relieve the tension of being a driving instructor.

Let's take a ride down to scenic Bernville!

I wonder what's next?

Quiet Atmosphere Provided

Library Club advisor is a part time activity for Mrs. Susan Snyder. She received a B.S. from Kutztown State College. Painting and crocheting are her hobbies.

THS library shelves are filled with books both for pleasure and for reference work. For the students' convenience there is also a selection of magazines, pamphlets, and records available. Along with all these materials the library provides a quiet atmosphere, unique for our school. Mrs. Snyder and Mrs. Oberly, librarians, are always willing to be of assistance in finding material on any subject.

Mrs. Shirley Oberly is the assistant librarian. In her spare time she enjoys reading and swimming.

Did you hear about . . . ?

Let's be quiet, girls!

GOOD LUCK, GIRLS!

The time had come for the team to dispell their long time reputation as division underdogs. With new kilts and sweaters, high spirits and strong desire and ability hopes are inevitably focused on the division championship! After easily winning the first league game, the remaining season did not follow so smoothly. Sometimes playing with total teamwork and other times experiencing a team-wide "off night" brought the team to a tie for second finish. Despite the disappointment it was the *best* season in the past four years. Senior Karen DeLong and soph Lorie Kline were top scorers with four goals apiece. Connie DeLong was chosen to represent the right halfback position on the All-Star Team and was also voted the most valuable player by her teammates.

The J.V. team showed spectacular promise for future years as they stormed through the season with only one loss. There were five ties but most important of all there were four wins (two non-league). Soph Jean Ziegler was top scorer with three goals.

Hockey is definitely growing in importance at T.H.S., and several players will be going on a three-week hockey tour to Europe this Summer.

The eleven retiring seniors sincerely thank Coach Mrs. Wolf for her strong dedication and inspiration during their very memorable hockey seasons at T.H.S.

Man-to-man defense and the half court press were only two of the many new strategies brought to the team by the new coach Miss Chesonis. In terms of wins and losses it was a very unsuccessful season, but there were many well played quarters that revealed the team's ability. Leslie Katz was the top scorer with an eleven point a game average. J.V.s gained skills and came through with a victory over Hamburg. The season ended with a party and one last game against the women's faculty. With several players attending summer basketball camp and plans for a first time summer league for girls, next year looks much brighter.

This year we had the best track team in the past twenty-five years or more. We were not only a good team, but a large team; something Tulpehocken has never had before. In the past we have had individuals in the spotlight, but this season it was a whole team effort. We did, however, have one especially outstanding member, Larry Dietrich, who collected fourteen medals and finished fifth and seventh at the state trackmeet in the broad and triple jumps. The season's highlights were defeating such schools as Schuylkill Valley, Hamburg, Twin Valley, and Upper Dauphin, but losing the Western Division title to Kutztown was still a disappointment.

What a way to start a season! This wasn't the only win of the year, but since the team did have a bit of trouble later on, they'll remember this 1st major victory.

The squad's chief difficulties came with lack of coordination of team spirit, not with lack of skill. If we can get all of our heads together next year, it *will* be a winning season.

Girls Gain Skill

Players relax after hard fought singles.

The team was young, with one senior and four Juniors comprising the top five. Practice, which started inside, stressed skill development by various drills. As weather improved, endurance was built by running "The Scenic" around the school property and a ladder tournament was used to determine starting players.

Statistic sheets, kept during matches, were useful in determining strategy against opponents' weaknesses. The importance of each individual player was shown this year by the loss or win of many matches by only one point. Improvements in strategy were made, as the players gained match experience.

Observation Site

... and the short of it.

Rolling plush acres of growing green grass, swaying wild trees and a sparkling clear pond, bird blinds and sundial blending beautifully with nature, and a spacious contemporary lecture center complete with archery range and putting green. Dream? For the present, yes, but the future—reality. Through paper drives and fund-raising activities, and cooperation of FFA, Life Club will turn today's outdoor lab into tomorrow's educational ecological study site.

After several weeks of anxious anticipation, F.T.A. members at long last were notified that the F.T.A. had passed away. There no longer exists a club for future teachers of America, but rather in its place, an association of youth interested in the workings and improvement of education—the

Youth Education Association (Y.E.A.). A few members, attending a Berks County Chapter meeting last fall, obtained new and different ideas—a political survey, international exchange of students, and trips to other schools and colleges, to be initiated, if not fully completed this year.

Interior decor in the library, expertly centered due dates stamped on each book, straightened bookshelves, and neatly arranged periodicals are only a few of the contributions made by the Library Club members. Advised by Mrs. Snyder, the club encourages more student use of the library and its facilities. Their purpose is to serve both faculty, and students and they enjoy opportunities to do so.

An outsider hijacks the sacred table.

Minor injuries . . . just part of the game.

Watch those backspins!

A formidable opponent.

The Man to beat!

The latest addition to the ever increasing number of extra curricular activities is the table tennis club. This faction has been formed basically to offer an outlet to anxieties and frustrations built up during the course of an average school day. The group meets during activity periods and after school under the supervision of Mr. Scarpignato. A series of challenges to form a ranking of skill has been planned and there is an imminent possibility of at least an intramural program and ultimately inter-scholastic competition.

Each year the top nine or ten girls in the senior class are asked to serve the school as hostesses. Among their duties are ushering, passing out programs, taking tickets, and holding doors before school assemblies and other school functions. It is a very rare moment when these girls aren't smiling, because they are proud to serve Tulpehocken High.

Mickie, Lois, and Barbara stay near the doors.

Marilyn, Susie, and Jane stop outside the auditorium before the assembly.

Under the direction of Miss Chesonis the Student Store sells many items to add a little more money to the senior class treasury. Among the new items this year are V-neck sweaters. Trojan T-Shirts, sweat-shirts, and license plates are still being sold to spread more school spirit. Tulpehocken is grateful for this service, for almost all school supplies can be bought immediately, when they are needed most.

It is the fire marshal's job to make sure every student has been evacuated, all the blinds closed, the lights out and the doors closed. New Experience for THS Junior Miss

Sally Roth

The Junior Miss Pageant was held on October 7. It involved 20 girls from Berks County. Sally said that the pageant was fun. She was scared at first, but everyone else was scared too. It was a totally new experience for her. Even though she did not win or place, she did her best, and they all had lots of fun.

Sandy and Sally were chosen by the class to be Jr. Miss Contenders.

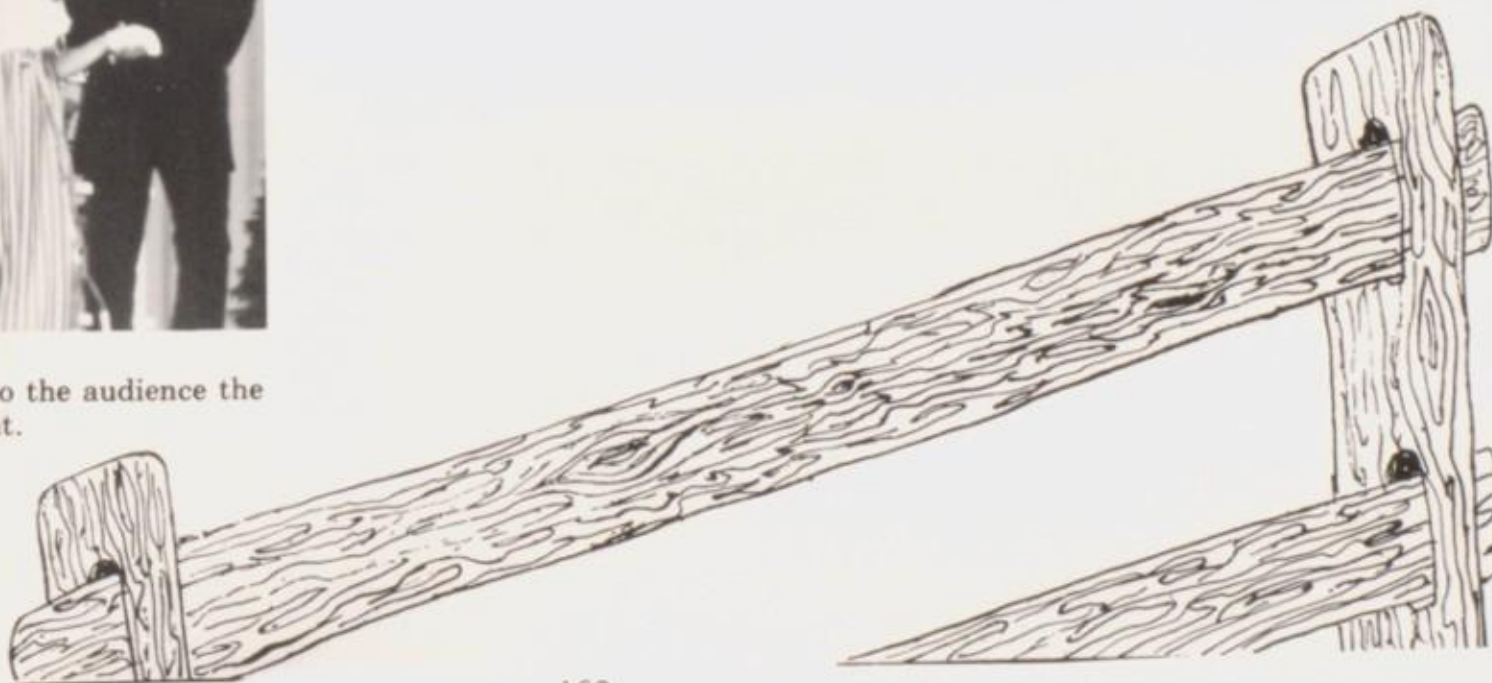

Sally does her dance routine to music from "The Boy Friend".

Sally is introduced to the audience the evening of the pageant.

Sandy and Sally take a break at the preliminaries.

ASSEMBLIES:

Assemblies Broaden Student Interests

Assemblies are very important to the student body for various reasons. Assemblies give students different points of view and an exposure to different subjects. Assemblies might cover any subject from stage bands to scientific experiments.

All ready to receive what they have earned.

Acting natural.

Speaking out.

Listening attentively.

Impressive sounds.

The greatest comedy act at T.H.S.

Sounding off!

Asking help for Mankind.

Getting ready to win!

Doing their share for Mankind.

The leader.

Ready, set, go!

Broadening our horizons in music.

Expressing her views!

What is everybody looking at?

Giving the facts about the walk for Mankind.

Are we having an assembly!

New Snow Queen Reigns Over Ice Palace

Janet, Mary, and Renee make up the court of the new queen, Dolores Fox.

The hostess serves Tom, Cathy, and Mary.

The senior class decoration committee worked very hard to provide a Christmas atmosphere for the dance. The sparkling illusion of a mid-December ice fantasy was created by frost-covered windows, candles and pine boughs, and one enormous Christmas tree in the center of the floor.

As a highlight of the evening, a new queen, Dolores Fox, was chosen to be the next ruler in the T.H.S. "Ice Palace." Three other juniors, Janet Rudy, Mary Porto, and Renee Wenger, made up the queen's court. The Michael Reedy Combo added good music to make the dance a complete success.

Mr. and Mrs. Wolf seem to be enjoying themselves!

PROM:

“Over The Rainbow”

Sally entertains the decorators.

Rex, Patty, George, Connie, and Marilyn work hard making the prom favors.

Look out below!

Greg tears down old decorations.

Members of the class of '73 worked hard in preparation of this one special evening on May 5. The occasion was the prom, "Over the Rainbow," held at the Heidelberg Country Club. The decorations featured a rainbow over the dance floor, a poppy field, and the queen's throne with Emerald City in the background. As a result of their work, many couples enjoyed a beautiful evening and music provided by "The Michael Reedy Combo." The climax of the prom was the announcement of the queen, Patti Himmelberger, and her court: Lynn Balthaser, Debbie Miller, and Inga Spangler. After the prom the fun was continued at the high school with the post prom. There they enjoyed movies, games, and the awarding of many door prizes donated by local businessmen.

Mary lets Mrs. Wolf do all the work.

Cheers!

Music was provided by the Michael Reedy Combo.

Look at that shot! Such technique!

Mr. Rentschler demonstrates the Pythagorean whatever-it-is.

The face of a destitute Algebra teacher.

A time for thought.

Good photographers know when *not* to be seen.

Strategy!

 at Elizabethtown.

Special thanks goes to:

All patrons.

Anyone who bought or sold a 1973 Dardanian.

The Alma Mater

Dear Tulpehocken High
Surrounded by the Hills
Your sons and daughters sing your
praise
Each voice with rapture thrills.

Dear Tulpehocken High
Our hearts will honor you
As through the years
we'll always sing
Of colors gold and blue.

Dear Tulpehocken High
Where friends are always true
We will be loyal, pledge our love
And long remember you.

Chorus:
Hail, Tulpehocken High
We hail the Titans true
And always raise our voices
Tulpehocken gold and blue

Chorus:
Hail, Tulpehocken High
We hail the Titans true
And always raise our voices
Tulpehocken gold and blue

Chorus:
Hail, Tulpehocken High
We hail the Titans true
And always raise our voices
Tulpehocken gold and blue
